

*MOVE THE QR CODE*

A hand-drawn black arrow pointing from the text "MOVE THE QR CODE" towards the box containing "NICE!".

# QR Code Stamper

## How to use

### Select PDF

Use the options to select a PDF you want to stamp the QR code onto.

### Create the URLs

Enter the url or urls to the sites you want to stamp in the format

```
https://www.example.org  example.pdf
https://www.test.org     test.pdf
```

### Tweak the settings

Move the QR code to the desired location and tweak the setting.

### Stamp the pdf

When everything is ready use the stamp button to download a zip file of the files
